Vision of the Department

Achieve excellence in Mechanical Engineering by imparting quality education, technical skill and providing competent mechanical engineers to the society and the nation as a whole.

Mission of the Department

- To impart mechanical engineering knowledge through trained faculty in conducive environment.
- To develop in them, ability for pursuing higher studies in the field of mechanical engineering.
- To motivate students for lifelong learning and create awareness to make them industry responsive.

Department Profile

Shrimad Rajchandra Mechanical Engineering Department established in the year 1997 with intake of 60 students, is one of the oldest departments of the institute, achieving new benchmark every year. The department has 09 well qualified faculty members and 03 supporting staff lead by Head of the Department Prof. M. M. Jikar. In the year 2001 the intake capacity increased to 120 students.

In the year 2012, second shift was introduced with further increase of 60 students till the year 2017. Since the year 2020, the department has total intake capacity of 60 students every year.

It is established with the aim of quality education to the students. The departmental library helps the students in having ready references. Industrial visits & Expert speeches are the regular features of the department.

The department has organized various state level conferences, seminars, workshops, webinars, STTPs, FDPs, etc. Department has achieved noteworthy placement of pass out students in over industries through campus interviews.

Shrimad Rajchandra Mechanical Engineering Department has a status of reputed branch at regional level. It is working with the principle, "SEE YOUR WAY FORWARD".

Department Level Activities (January to June 2021, Term – 202, AY – 2020-21):

- The department has organized online webinar on “Basic overview of NDT and different certification bodies of NDT” on 30th April 2021. About 70 students of M 2019 have attended this webinar.
- The department has organized online webinar on “Dye Penetrant Testing Method” on 30th April 2021. About 69 students of M 2019 have attended this webinar.
- The department has organized online webinar on “Mechatronics – A science of intelligent Machines” on 21th May 2021. About 100 students of M 2018 & M 2019 have attended this webinar.
- The department has organized online webinar on “CNC Milling of non-linear profiles” on 15th May 2021. About 85 students of M 2018 have attended this webinar.
- The department has organized online webinar on “Refrigeration & Air-conditioning system ” on 17th June 2021. About 71 students of M 2019 have attended this webinar.
- The department has organized online webinar on “Plastic Injection and blow molding ” on 19th June 2021. About 71 students of M 2019 have attended this webinar
- Online Project Fair-2021 had been organized for the students of M-2018 class on 15th April 2021. There were 16 projects in the event. There are three projects recognized by the judge who is invited from other institute.
